EXAMINER'S AMENDMENT

- An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
- Authorization for this examiner's amendment was given in a telephone interview with Mr. Donald R. Studebaker, Registration number 32,815 on 21 September 2005.
- The application has been amended as follows: Claims 4 and 13-17 are cancelled.

REASONS FOR ALLOWANCE

- The following is an examiner's statement of reasons for allowance: The present invention is directed to an image processing method and apparatus of making a monochromatic image signal made up of image signal components representing image data on respective pixels from a color image signal made up of image signal components representing image data on respective pixels. Each independent claim identifies the uniquely distinct feature, "for wherein a monochromatic image signal is generated with values of brightness of pixels in a color border region set to new values and values of brightness of pixels in regions other than the color border region set to those as represented by image signal components for the pixels of the color image signal". The closest prior art, Roetling (USPN 4,308,553), discloses method and apparatus for making monochrome facsimile of color images on color displays; while Suzuki et al. (USPN 6,449,013 B1), disclose image pickup apparatus capable of taking color natural images and high-resolution images of a monochrome object; and Lection et al. (USPN 5,742,287), disclose context sensitive borders with color variation for user selectable options, either singularly or in combination, fail to anticipate or render the above underlined limitation obvious.

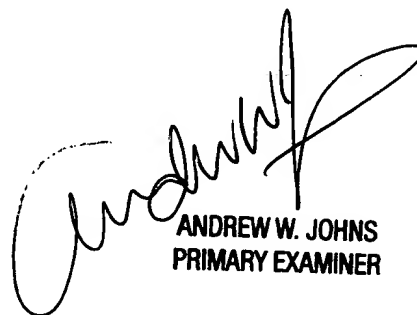

- Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
